

JOB DESCRIPTION

JOB TITLE:	Climate and Natural Environment Funding & Investment Manager
MANAGED BY:	Senior Environment Manager - Energy
GRADE:	11

BACKGROUND

The West of England Combined Authority is seeking to appoint a Climate and Natural Environment Funding & Investment Manager to join the Environment team.

This is an exciting time to join the West of England Combined Authority. In the last year nearly three quarters of a billion pounds of new investment has been secured for the region. New plans are in place to deliver on Mayoral priorities to improve transport, skills and housing for our residents, take decisive action to tackle the climate emergency, and to support communities facing the cost-of-living crisis. There is a relentless focus on delivery to put the West of England on the map for regional, national and global success.

Led by the regional Metro Mayor, the West of England Combined Authority brings together three local councils, the Local Enterprise Partnership and works with communities, other public services, and industry to deliver for the region.

You will be a key player in leading our response to tackle the climate and ecological emergency. We are delivering on the West of England's Climate and Ecological Strategy and Action Plan and making the West of England the bee and pollinator capital of the U.K. as we push to reach our very ambitious net zero targets by 2030.

Come and help shape the future of the West of England, a place so many people are proud to call home.

THE ROLE

Reporting to the Senior Environment Manager (Energy), the post-holder will be the first point of contact and lead engagement with financial decision makers and funders to stimulate investment in energy and decarbonisation projects.

The Funding & Investment Manager will work with public, private and not for profit sector organisations to develop investment proposals and work with other members of the team to define an offer of support to enable selected projects to bring forward sound business cases for investment.

The post holder will apply well developed commercial appraisal methods to the assessment of projects and schemes, developing bespoke approaches where necessary.

The post holder will be required to build financial models, research the sustainable energy and natural environment investment markets, identify and engage investors and prepare presentations and proposals to secure investment in projects. The Funding & Investment Manager will work with local stakeholders across any projects relevant to the ambitions of the organisations Climate and Ecological Strategy.

In addition to sound financial analysis and project investment experience, the post-holder will have the communication and negotiation skills to develop effective relationships with key funding stakeholders and the wider investment community. The post-holder would benefit with familiarity or experience in new, emerging post-subsidy business models in sustainable energy and / or natural environment.

KEY RESPONSIBILITIES

- Lead financial contribution to the development of a pipeline of investable decarbonisation and natural environment projects across the West of England.
- Work with a high degree of autonomy to bring investment proposals to fruition
- Input commercial understanding into the development of high quality business cases so funding is attracted to viable schemes
- Develop models, tools and templates to support the development of commercial cases for investment, including aggregating similar projects into a portfolio to take to market
- Support due diligence work streams with relevant parties
- Support the wider team to ensure that financial and commercial risks associated with projects are effectively managed
- Develop productive relationships with regional Finance Directors, Senior Decision Makers, funders and investors, presenting commercial proposals to secure investment in Combined Authority supported environment projects
- Keep abreast of industry and policy developments related to environment to ensure projects are developed and implemented in accordance with current good practice

PERSON SPECIFICATION

ESSENTIAL (MUST HAVE)

Qualifications and Knowledge

- Educated to degree level or equivalent ideally with relevance to the role
- Excellent understanding of the legal and economic issues affecting project viability and delivery
- Membership of a recognised professional body

As an equal opportunities employer, we invite applicants to contact us to identify any additional support they may need during the recruitment process.

WE PAY THE LIVING WAGE

We're proud to have been accredited as a Living Wage Employer

Living Wage accreditation means that everyone working at The West of England and Combined Authority receives a minimum hourly wage of £15.17 - higher than the government minimum for over 23s, currently £10.42 per hour

It also means that anyone who provides services to, or has contracts with us, must pay the Living Wage, setting the bar for good employer practices in the region. This includes those who provide services to The West of England and Combined Authority, such as cleaning and facilities management contracts, as well as those who have contracts with us - such as IT providers.

WE ARE A FOUNDING MEMBER OF THE GOOD EMPLOYMENT CHARTER

We're proud to have been accredited as a founding Member of the West of England Good Employment Charter.

The [Good Employment Charter](#) is a voluntary membership and accreditation scheme aimed to create an active network of employers within the West of England that are committed to supporting the basis of 'good work'. The Good Employment Charter is defined by seven key characteristics of good employment: recruitment, secure work, Real Living Wage, developing people, health & wellbeing, flexible work and engagement & voice.
